3rd DAY:

- Just after a breakfast, departure for **Blagaj (approximately 250 km far from Sarajevo)**
- Since we expect that the arrival should coincide with the time of the noon prayer, it could be possible to perform it in the tekija
- A lunch should be arranged in the famous Norwegian restaurant at Buna
- After the lunch, a visit to **Mostar** is planned
- A short siteseeing of Mostar (it is very important to mention that during all the visits our guide is at your service)
- Departure for Sarajevo
- Supper at the hotel in Sarajevo

4th DAY:

- Considering the fact that all the three previously described days of your staying in Bosnia and Herzegovina consist of the planned activities, and thinking also about the fact that for the most of the guests this would be a first visit to our country, we decided not to plan any concrete activities for the fourth day but to give you an opportunity to create your own plan.
So, during the fourth day of your staying you are able to decide whether you want to fill it with some additional programs that we can offer to you or simply to use your time for shopping, relaxation and enjoying in the beauties of the City of Sarajevo.
N.B. Breakfast and supper will be served in your hotel. A lunch can be arranged in the one of the city restaurants (probably Aeroplane Restaurant).

5th DAY:

- After a breakfast and checking out in the hotel, depending on the timing of your departure, we would organise the transfer from the hotel to the Sarajevo Airport, or in the case of having some spare time, we would offer you some additional attractions that might be interesting for you.

NOTICE/ IMPORTANT:

- You are welcomed to give your own comments and decide which of these and many other places you would like to see. If you have some special desires or interests, it would be our honour to satisfy them (we would like to point out, that we would be very glad to organise for you some special concerts of the Bosnian spiritual music).
- The programmms will probably be modified according to the change of seasons, in terms to be adopted to the shorter (during winter) or longer (during summer) duration of day.
- Also, we would like to point out, that if you are interested in the political and economical spheres of Bosnia and Hercegovina, we can organise for you the meetings with most important subjects from these spheres of life.

Here is the list of some of the most important and most beautiful monuments in Sarajevo:

- The old part of the town called Bashcharsija that was built during the reign of Otoman Empire and that is one of the oldest commercial centres in Europe. In this part of the town you can be introduced to the oldest crafts of the people of Bosnia and Hercegovina and buy typical Bosnian suveniers.
- The National and University Library (Old Town Hall) built in 1896 by the architects Alexander Wittek and Ciril Ivekovic
- The Sebilj public fountain that is a typical water-feature of Otoman town planning, usually found on the crossroads or In squares. It was built in 1891.
- Svrza's House a typical example of the house of a rich Bosnian family. It was built in the 18th century and is the one of a few houses of this kind that survived until now without any change in its constitution.
- The Tunel that, during the war 1992-1995, was the only connection of Sarajevo with the rest of the world
- The Igman War Mosque
- The Hill of Zuch (one of the main front lines during the war)
- The Bridge of Gavrilo Princip (on this bridge, the Austrian heir of the throne, Gavrilo Princip, was killed by Franc Ferdinand. This incident marked the beginning of the First World War.)
- National Museum
- The Bosniak Institution, etc.
